

HAPPY HALLOWEEN

HAPPY HALLOWEEN

HAPPY HALLOWEEN

OUR JOURNEY!

Our Halloween celebration at Mundo de Niños Academy was a spooktacular success, filled with learning and fun!

Throughout October, the kids practiced counting from 1 to 20, reinforcing their number skills through hands-on activities.

They decorated pumpkins, crafted spiders, and created yarn mummies, bringing creativity to life in a Halloween theme.

They also built scarecrows and designed "bone" art with Q-tips, adding to the excitement.

On party day, the kids celebrated together, enjoying their spooky snacks and showing off their costumes.

The activities connected learning with seasonal fun, making fall a season of excitement and discovery!

Reminders

- If the kids are sick, please keep them at home
- Make sure to bring a sweater and enough clothes for colder days.
- Encourage handwashing to keep everyone healthy.

FUN FACTS!

A simple way to manage tantrums is the "name it to tame it" method. Gently label the emotion you see, like saying, "You're feeling frustrated because we have to leave the park."

This helps them feel understood and often starts to calm them, giving words to their feelings to reduce intense emotions.

OUR NEW TOPIC OF THE MONTH!

Vowels &

 Phonics

Being
GRATEFUL!
